

# EZ Saliva-II™

The EZ Saliva-II is **the only split-sample saliva-based drug test**; which means it provides both an instant screen and a lab confirmation while only requiring one collection.

Enables officers to do drug testing road-side affordably, saving both **time and money** while enhancing the effectiveness of drug arrests.

*"Being in law enforcement for over thirty years, it makes me think of how many lives may have been saved if we had the EZ Saliva test kits from the beginning of my career. It's life-priceless."*

Lt. Ryan Porter  
Payson PD

**On-the-spot  
Results within  
10 Minutes.**

**Train Officers  
within 20 minutes,  
Virtually.**

**Legally Defensible  
for evidentiary  
testing**

**Training  
Consulting  
Testing**

***“I can prove within 10 minutes  
roadside that my DUI  
assessment was correct.”***

**Sgt. Chance Koerner**  
Bakersfield PD

#### **Advantages of Saliva over other methods:**

- Test roadside at the point of arrest and obtain accurate alcohol and drug test results in roughly 5 minutes
- Collect samples closer to the time of intoxication
- No more wasted hours of driving and waiting in hospitals for blood draws- all while the drugs are being metabolized and lost in the suspects system
- No more watching people urinate in cups
- Non-invasive, comfortable collection

#### **The science is behind Saliva:**

- SAMHSA and DOT both announced a change towards saliva-based drug testing for all Federal employees, contractors, truck drivers, etc.
- Numerous studies now show that saliva is just as good, if not better, than blood for drug detection
- Third-party lab studies have proven our method to be the most accurate in all saliva testing

#### **Eliminates need for preliminary alcohol screening and evidentiary chemical test devices**

- No batteries, charging, or special case
- No calibrating or testifying in court about calibrating
- Disposable after negative test, easily checked in for evidence after positive results

#### **Two tests in one for both reasonable suspicion confirmation and evidentiary purposes**

- Screen results up to 14 drugs + alcohol in 5 minutes
- Built in locks and software for chain-of-custody
- Mail to a forensic lab for evidentiary testing
- Receive a full 96-analyte drug report in 4 days

# Training Consulting Testing

## \*Customizable screen panel:

- Choose from 25 different drug strips
- Current Standard 10-panel includes:
  - AMP - Amphetamines
  - BAR - Barbiturates
  - BZO - Benzodiazepines
  - COC - Cocaine
  - MDMA - Ecstasy
  - MET - Methamphetamine
  - OPI - Opiates
  - OXY - Oxycodone
  - FEN - Fentanyl
  - THC - Marijuana

\*with orders of 100 or more tests

## Current Screen strips available:

	AMP 40/50ng/ml	AMP-S23
	COC 20/30/50ng/ml	COC-S23
	MET 40/50ng/ml	MET-S23
	MTD 30/50ng/ml	MTD-S23
	OPI 25/40/50ng/ml	OPI-S23
	PCP 10ng/ml	PCP-S23
	THC 12ng/ml (Metabolite)	THC-S23
	THC 10/50ng/ml (Parent)	THC-S23
	BZO 10/50ng/ml	BZO-S23
	BUP 5ng/ml	BUP-S23
	OXY 20/40ng/ml	OXY-S23
	EDDP 20ng/ml	EDDP-S23
	COT 50ng/ml	COT-S23
	KET 50/100ng/ml	KET-S23
	BAR 50ng/ml	BAR-S23
	FPX 50ng/ml	FPX-S23
	MDMA 40/50ng/ml	MDMA-S23
	6-AMM 25ng/ml	6-AMM-S23
	FYL 10ng/ml	FYL-S23
	TCA 100ng/ml	TCA-S23
	TML 30ng/ml	TML-S23
	MQL 30ng/ml	MQL-S23
	K2 30ng/ml	K2-S23
	K3 30ng/ml	K3-S23
	MDPV 50ng/ml	MDPV-S23

## FAQ's:

- *What's the shelf life?* 12 months
- *What does the lab test for?* Our current third-party lab will run a 96-analyte tests to be used for evidentiary purposes
- *Can I use my state crime lab to run the confirmatory test?* We are working on contacting and coordinating with all state crime labs. Please contact us directly for more information or support
- *How do I get my results?* With our proprietary software, you will have access to the results via the portal, email, and text message if desired.
- *How long does it take to get my lab results?* That depends on the lab used. You will always have the option to send it to a third party for the 4-day results. Once your state crime lab adopts the method they will have a similar timeline to what is currently being done.
- *Are you looking to hire?* We're looking to add 30 new state representatives to our team this year, preferably (but not required) that have law enforcement experience. Contact us at [sales@keelemed.com](mailto:sales@keelemed.com) for more info.
